

2027 OASCA FACILITY MEMBERSHIP & EVENT PACKAGE PRICING

Membership in the Oregon ASC Association is invaluable for staying informed about critical legislative and regulatory developments affecting ambulatory surgery centers in the state. It provides a platform to connect with industry peers, share best practices, and collectively advocate for policies that benefit patient care and the ASC community. Additionally, members gain access to educational resources, networking opportunities, and representation that strengthens their voice within the healthcare sector.

MEMBERSHIP BENEFITS

ASC Legislative Representation

Representation is essential to ensure your voice is heard and your interests are protected in critical discussions and decision-making processes. It amplifies collective concerns, fosters collaboration, and influences policies that shape the future of your industry or community. Strong representation helps build a unified presence, ensuring fair advocacy and meaningful impact.

Committees & Leadership

A membership-driven organization thrives through the active participation of its members in committees and the board, where diverse perspectives shape its direction and initiatives. This collaborative approach ensures that decisions align with the collective needs and priorities of the community it serves.

The OASCA Directory

Members maintain privileged access to OASCA's facility and corporate member roster, providing them with contact details of fellow colleagues in the industry. Our CRM maintains data that is only available to OASCA members and not shared/sold outside of the association.

Industry Communications

Engage in and contribute to our member communication, including but not limited to our monthly newsletter *The Wellness Wire* or the occasional mid-monthly *Scrub-In*, which has information on webinars, events, and exclusive resources tailored for Oregon ASCs.

OASCA Preferred Vendors List

OASCA maintains a healthy list of corporate member who are our primary recommended experts for you to connect with. Utilize our directory or connect with OASCA staff directly for connections and resources within our active corporate partners.
